

LINE DRAWING

PRODUCT FEATURES

- New software system, easy to operate
- Two values automatic input, improve the work efficiency
- Equipped with foot break
- LED light
- Six o'clock laser indicating function
- Restore factory settings function
- Intelligent switch aluminum alloy mode ALS2
- Large storage space

TECHNICAL DATA

Rim diameter	10"-24"
Max wheel weight	154 lbs
Max wheel diameter	39 1/2"
Rim width	15"-20"
Precision	±0.002 lbs
Motor power	0.335HP
Power supply	100/230V 1PH
Rotation	200rpm
Balancing time	10s
Second test	0.011 lbs
Machine dimensions	52"x46"x67"

SMART ARM WHEEL BALANCER
